End User

- ADaPT gives the end user the capability to ensure in a timely matter:
 - The laboratory has met the requirements of the project.
 - QC is reported electronically with sample results
 - Awareness of QC requirements
 - Technical/balance review (Total vs. Dissolved, etc.)
 - Evaluates sample results based on linked QC results reported in the EDD
 - Able to control naming conventions (Testsite ID's, etc.) and keep consistent in data base
 - Able to check if all the methods and analytes were reported for the project.
 - Applies validator's qualifiers
 - Reduces data review costs
 - Able to pdf. or email ADaPT generated reports
 - Comparison reports
 - Transfers final reviewed data to database
 - Paperless (Green???)
